

Overview

Naviance Student can help make the process of finding the right college just a little easier. Using Naviance Student's Find your Fit search tools, you can locate the schools that most fit with your interests, passions, and criteria. Once you've narrowed down a group of colleges, multiple tools are available to understand more about that school in general and as a prospect. This document is meant to help you understand how to search for, favorite, and research colleges of interest. Naviance Student provides two features to store college information:

- **Colleges I'm Thinking About:** This is a list of schools that you have *favorited* and identified as prospective schools of interest.
- **Colleges I'm Applying To:** This is a list of schools to which you have decided to apply. This can be populated from College's I'm Thinking About or directly from searches.
