

IB Computer Science SL - Summer Assignment

What:

A series of tasks to install a coding environment on your personal computer* and acquaint yourself with its basic features.

Why:

You will need to spend time outside of class completing coding assignments. Preparing in advance allows you to begin learning right away and not fall behind the class.

Where & when:

Directions will be posted to the class Microsoft Teams page and shared via school email the week of August 3rd. Budget 2 hours to complete the tasks.

**If you do not have access to a computer at home, you may borrow a laptop from the school. Email Mr. Nezelek for more information.*
